February 2017

Ajax TOCCO Expands Aftermarket Sales Resources

Emil Weatherbee

Ajax TOCCO Magnethermic welcomes Emil Weatherbee as an Aftermarket Sales Engineer responsible for Wisconsin, Minnesota, Illinois, Iowa, Missouri, Kansas, and Nebraska. Weatherbee has spent several years within the foundry industry including a lengthy tenure as Regional Sales Manager for Lectrotherm in North Canton, Ohio.

Weatherbee is a graduate of Kent State University and resides in Delafield, Wisconsin with his four children. He is based out of our Brookfield, Wisconsin facility.

William McArthur

Ajax TOCCO Magnethermic welcomes William McArthur as an Aftermarket Sales Engineer responsible for Arkansas, Louisiana, Oklahoma and Texas. McArthur has spent over twenty years within the metals industry with EMSCO, Inc.

McArthur is a graduate of Louisiana State University – Shreveport and later earned an MBA from Louisiana State University. William and his wife Sheryl reside in Bossier City, Louisiana. He is based out of our Longview, Texas facility.

Joe Angilella

Ajax TOCCO Magnethermic welcomes Joe Angilella as Aftermarket Sales Engineer responsible for Kentucky, Tennessee, Virginia and North Carolina. Joe has spent the past 18 years in the foundry industry as a Sales Engineer with Allied Mineral Products, and most recently with Fire Brick Engineers.

Joe attended Purdue University and resides in Louisville, Kentucky with his wife Emily and their two children.

Ajax TOCCO proudly maintains a team of highly skilled technicians strategically located throughout the world to repair and maintain Ajax TOCCO equipment as well as competitors' equipment. In addition, the Company houses a large inventory of parts for all of their equipment including older units and some competitor equipment. A convenient, 24-hour service hotline is provided to answer urgent requests and for emergency assistance: 800-547-1527

Ajax TOCCO Magnethermic®, a subsidiary of Park-Ohio Holdings Corporation®, designs and manufactures world-class induction heating and melting equipment for various industries and applications throughout the world. In addition, the company provides a range of services including laboratory process development, preventive maintenance, equipment repair and parts, coil repair facilities and installation services.
